

stainless steel drain well

copridrain™ PD

Drainage cover system which is fitting during the tile installation. Designed specifically for tiled installations the cover is available in two thicknesses (8 mm and 10 mm) and is supplied in a brushed stainless steel finish (AISI 304).

The system provides a neat finish that is totally integrated with the surrounding tiles.

Ideally installed when tiling on to an existing drainage system with waterproofing systems.

Recommended only for pedestrian transit.

COPRIDRAIN PD-IS Brushed Stainless Steel AISI 304 - DIN 1.4301

Brushed stainless steel in two thicknesses and three sizes to suit common tile formats.
